## MESSAGE

Tonight we celebrate the 40<sup>th</sup> anniversary of the association. Who would have known that the Southern California Mapua Alumni (SCMA) will stand the test of time? While other associations have gone into oblivion, SCMA is still standing strong. With the help of members and fellow alumni, the officers of SCMA were able to keep this association alive and relevant. I grew with the association; having been active for more than two decades, serving as Secretary, PRO and twice as Vice President, helped me prepare for the presidency.

Last year, I retired from the County of Los Angeles. I never practiced my Chemical Engineering degree. For this reason, I was hesitant to run for President. It is quite intimidating to lead a group of engineers when I am not a practicing engineer myself. But what I learned from my L.A. County service was not taught at Mapua: leadership. My experience as a supervisor at Harbor-UCLA Financial Services and then working for the Board of Supervisors, the highest governing body in the county, gave me an insight as to what it takes to be a leader.

Tonight the 2017-2018 officers will be presented. I couldn't be prouder of this set of officers. I call this group "The Dream Team". What better way to describe a group of individuals so dedicated, so positive, so enthusiastic and so committed to one common goal: to make SCMA greater. I am deeply honored to have been elected as President and be a part of this team. To my predecessors, thank you for paving the way for me. This is a privilege and a responsibility one cannot take for granted.

To my fellow alumni, I urge you to be actively involved in the association's annual activities so that we can continue our scholarship program abroad. The students at Mapua who benefited from the program have moved on to bigger and better things in life. It is very rewarding to think that SCMA played a huge role in their lives and for this, they are forever grateful.

With the availability of funds through our local scholarship program, SCMA can help Southern California high school graduates pursue their undergraduate studies in an accredited college or university.

The Engineer-in-Training (EIT) Review Program is also going strong. This program produced successful reviewees through the guidance of volunteer alumni instructors.

I wish everyone a great time tonight and thank you very much for your support. You are truly a blessing to the association. "To God be the Glory".

Viva Mapua! I am proud to be a Mapuan!!!

**Glicerja Q. Quiaot**

## MESSAGE

On behalf of the officers, faculty, staff and students of Mapua, I would like to extend my warmest felicitations to the Southern California Mapua Alumni (SCMA) on the occasion of its 40th annual dinner dance fundraising and induction gala.

In its bid to become a truly global school Mapua has tried to link up with universities and industries in various countries of the world. Our first steps at the start of the century took us to California. And there SCMA helped us meet and forge agreements with two US schools. It also subsequently helped us recruit young Filipino- American students into Mapua. We are very grateful to SCMA and its members for this wholehearted assistance to the *alma mater*.

Our efforts have grown in scale from those initial steps, and we are glad to tell you that we have gained some traction in making Mapua a school for the global generation. We hope we can continue to work together with you in moving in this direction.

I would like to take this opportunity to thank you once again for the scholarships you have so generously given to our students and to wish SCMA members all the best in their professional and personal lives.

Reynaldo B. Veal, Ph.D.  
President

# CONSULATE GENERAL OF THE REPUBLIC OF THE PHILIPPINES LOS ANGELES

## MESSAGE

I am pleased to extend my greetings and best wishes to the Southern California Mapúa Alumni (SCMA) Association on its 40<sup>th</sup> Anniversary celebration and Induction of Officers.

SCMA should be commended for consistently organizing this annual reunion to foster a genuine bond among members and to renew support for your Alma Mater.

Also commendable is SCMA's generosity in sharing its blessings with our *kababayans* both here and back home in the Philippines.

This is achieved through scholarships for bright and deserving students of Mapúa Institute of Technology, as well as financial grants for dependents of Mapúa alumni who are enrolled in local institutions.

I am confident that SCMA's new officers will remain committed to your ideals and goals. Your civic mindedness and social consciousness have contributed to molding the youth through education. We hope they too would become exemplary citizens and give back to the community.

Please allow me to reiterate my call to Filipinos across the southwestern United States be true patriots by reacquiring Filipino citizenship and contributing to nation building through registering as an overseas voter and voting in the next elections. More information is available on the Consulate General's website.

Further, let us all, in our own way, commemorate the 75<sup>th</sup> Anniversary of the Bataan Death March on 09 April 2017. On this occasion, do reflect on the bravery of our World War II veterans. Honor them through inclusion in your communities' projects and advocacies, as well as in your prayers.

Warmest greetings on your reunion and may you have more years of sterling achievement.

  
**ADELIO ANGELITO S. CRUZ**  
Consul General

# SOUTHERN CALIFORNIA MAPÚA ALUMNI (SCMA)

In the summer of 1976, a group of seven Mapua Institute of Technology alumni gathered at Griffith Park, Los Angeles, California, to discuss the possibility of forming an alumni association. Four of these alumni, Raul Domingo, Marte Tobias, Lolita Ramos and Rudy Jardinel, were Los Angeles County Department of Public Works engineers. They were joined by Rudy Corpuz, Prudy Morales and Roman Aquino. At the time, their main purpose was to help newly migrated Mapuans adjust to life in America and find engineering jobs especially at Los Angeles County Department of Public Works.

In the early fall of 1976, at Ven Mungcal's sister's birthday party in Pasadena, California, it was agreed upon by the group that Mr. Mungcal invite as many Mapuans as possible to discuss further a formation of an alumni association. In the summer of 1977, the first general membership meeting and family picnic was held at Griffith Park, Los Angeles. Incorporation papers and bylaws were drafted. The new association was named "Mapua Alumni of Southern California" and was registered as a tax-exempt, nonprofit, public charity organization with the California Secretary of State.

Raul Domingo was elected the first president of the association and served for three years until 1980. The first induction ball was held at the Ambassador Hotel in Los Angeles. Due to lack of funds, the officers paid the hotel in advance with their own money as loan to the association. Ven Mungcal was the second elected president and during his term from 1981 to 1982, the

association started raising funds to expand its programs to include granting scholarships to deserving indigent students at Mapua Institute of Technology in Manila. This program, continuing to the present, proved to be the most successful project that the association has undertaken.

The years went by, and as membership expanded, it brought in Mapuans with strong devotion to lead the association as presidents, namely, Glory Montemayor, 1983-1984, Marte Tobias, 1985-1986, Val Ramos, 1987-1988, Robert Masangkay, 1989-1990, Roger Villamil, 1991-1992, Red Revilla, 1993-1994, Pert Arca, 1995-1996, Nene Umali-Irlandez, 1997-1998, Edith Garcia-Ramos, 1999-2000, Precy Ordinario, 2001-2002, Rudy de Torres, 2003-2004, Tino Quiaot, 2005-2006, Rick Guanio, 2007-2008, Joe Rigionan, 2009-2010, Tony Ballesteros, 2011-2012, Joey Uy, 2013-2014, and the current President, Dan Nable, 2015-2016.

In January 1986, under Marte Tobias' term, the association changed its name to "Southern California Mapua Alumni", and was registered as a tax-exempt, nonprofit, social welfare organization under Internal Revenue Code 501(c)(4) with the California Secretary of State. In March 2015, under Dan Nable's term, SCMA was granted by the California Secretary of State a change of tax-exempt status to nonprofit, public charity organization under Internal Revenue Code 501(c)(3).

Several successful endeavors have been undertaken by SCMA. The continuing scholarship program has produced more than 25 graduates from MIT. The educational program which offers Engineer-in-Training (EIT) and Professional Engineer (PE) review classes to help new Mapuans get a state license has also expanded that even non-Mapuans have joined in.

SCMA also hosted the second MapuaWorld alumni gathering in Long Beach, California in 2002 and that same year, under the leadership of the late Precy Ordinario, initiated a student/visitor exchange program between MIT-Manila and University of California-Santa Barbara and California Polytechnic State University-San Luis Obispo. SCMA has also fielded candidates and has a growing list of The Outstanding Mapuan (TOM) awardees. SCMA is an active and contributing affiliate of National Association of Mapua Alumni (NAMA). SCMA also participates in various socio-civic activities locally, such as the Philippine Independence Day celebrations in Los Angeles.

In the past four decades, SCMA continued to be a strong unifier for Mapuans who have made Southern California their home and will be a steady guide to those future Mapuans who will settle in this part of the world and a reliable link to our Alma Mater. Today, from its 30 initial members, SCMA has grown to more than 100 active and lifetime members.

## Alma Mater Song

Alma Mater, a song from the builders,  
You embody the goal to attain,  
Hear a song from the hearts of the wielders,  
Of compass and transit and chain.

### Refrain:

Alma Mater, your name and your story,  
We raise our glad voices to thee,  
We will strive for the fame and glory,  
Of the M and I and T.

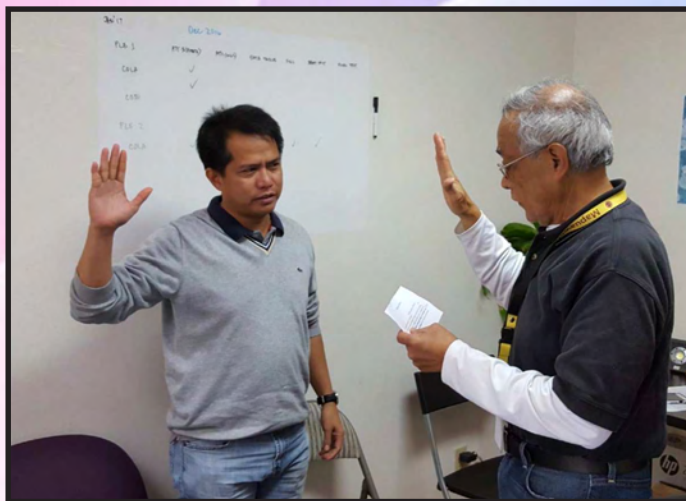

We will follow the light and the new prints,  
We will trace on the footpaths of arts,  
For our land, we the makers of blueprints,  
Will struggle to fulfill our part.

### Repeat Refrain

When away from your doors have been  
parted,  
Thy sons in the flight of the years,  
Still conscious and firm and whole-hearted,  
We will hail thee with songs and with cheers.

Oath taking of new officers on Sunday, January 8, 2017 at the Quiaot's residence in Carson, CA

Oath taking of Roderick Dela Cruz on Saturday, February 18, 2017 at Berwyn Salazar's office in Carson, CA

## SCMA SCHOLARSHIP PROGRAM

SCMA sets aside a scholarship fund for financial aid grants to selected students at Mapua Institute of Technology. The annual dinner-dance, golf tournament, and other fund-raising activities help fund this program. Since 1999 31 graduates have availed of the Scholarship Program. During the last 5 years, 10 SCMA scholars were from the School of Civil Engineering.

## SCMA SCHOLARSHIP PROGRAM

There are currently two scholars with a financial grant of \$400 per quarter for a total of \$1,600 per student per year: Carlos Norbert J. Abano, 4<sup>th</sup> year B.S. Civil Engineering and Jachel Anthony J. Teodoro, 4<sup>th</sup> year B.S. Architecture.

Excerpts from their letters...

**It has been a year since I was selected for this scholarship. Throuout the year I was able to help my mother with our financial needs. Your generosity allowed me to pursue my dreams, and for that, I cannot thank you enough. Even though I was selected a year ago, the feelings are still present. I have the SCMA Scholarship pinned on my chest. It is something that I see everyday and it is a constant reminder of what lies ahead and the support I have to succeed.....Carlos Norbert J. Abano**

**SCMA has continuously provided support to deserving Mapuans – a legacy of which I will always admire and look up to. I would like to extend my deepest gratitude to the entire organization for allowing me to be a part of this family and to experience the value of a true Mapuan. I congratulate the association and the people behind it who have helped build its vision!.....Jachel Anthony J. Teodoro**

SCMA has a local scholarship program that provides a one-time monetary award to a high school graduate who is either a child or grandchild of an active SCMA member. Mark Santa Isabel, the son of SCMA's former Treasurer Amie Santa Isabel was awarded a \$500 financial grant when he graduated in 2012. An active member pursuing graduate studies is also given a one-time monetary award of \$500. Previous awardees include: Ms. Shirley Hernandez, PE for her MSQA studies at the Cal State University Dominguez Hills; Mr. Berwyn Salazar for his MBA studies with focus on Sustainability at the San Francisco Institute of Architecture and Mr. Jesse San Miguel for his MBA studies at California University of Business and Technology.
